EXPERIENCE

Link Interac Inc. — Tokyo Japan

2024 March to 2024 August

Taught English in Tokyo, Japan, to Middle School students. Engaging them with cultural differences, games, and grammar. Working with more than one school and teachers to construct lesson plans.

OHSU Oregon National Primate Research Center — Portland Oregon

2023 July to 2024 January

Feed Rhesus Macaques and cleaned cages in a fast paced, stressful, and intense environment. Required memorizing animal behavior and knowing when there is a problem with the animal.

Ash Creek Forest Management LLC — Portland Oregon

2023 February to 2024 July

Worked in rural Pacific NorthWest wildlife areas removing invasive species of plants through processes of spraying with garlon and physical removal. Required memorizing plant species.

Interac — Tokyo Japan

2024 March to 2024 September

Worked in Japan teaching English to Japanese middle school students. Gaining a wider view of the world and increasing my communication skills with students and peers.

SKILLS

Organized groups for collaborative storytelling and exploring the ethics of varying situations through role play, utilizing time management skills of the self and others. During these events, we explore prewritten ideas of my own and on the spot spontaneous thoughts from the group. Often leading to ingroup conflict that requires adaptability on the spot conflict resolution.

In addition I have proficiency using Microsoft tools like Excel
